Hope Looms For Protection At SP Rail Crossing

Loehr Working With SP State Officials On Plans

Possibility that the dangerous highway crossing over the Southern Pacific Company's main line through Truckee will be provided with adequate warning signals, was seen today with the announcement by Supervisor H. G. Loehr that he is studying plans for joint financing of the project estimated at $16,000.

Loehr said he had been in communication with Southern Pacific and State of California engineers and that the project for Truckee looks favorable, although it will require considerable red tape and study before the work can be started.

It was learned that the state has set up a half-million dollars fund for the protection of grade crossing, while the Southern Pacific has indicated a willingness to share the cost with the state and county.

Under conditions outlined by the local supervisor, the Southern Pacific will finance the project to the extent of $8000 while the state will put up $4000 and the County of Nevada $4000. Loehr said he would present the matter to the board of supervisors for action in the near future so that steps can be taken to get the project started as soon as possible.

A similar crossing may be installed at Soda Springs, Loehr said, that project to cost approximately $8000.

The setup here would consist of automatic crossing gates, with a warning flasher light and gong.

The possibility of installing an automatic stop-sign on Highway 40 to hold through traffic while the crossing is being cleared is being also studied, Loehr indicated, although that possibility is rather remote.

Continued survey of the plans are being made by county, state and railroad officials.

Sunshine Girls Will Seat New Officers At Local Ceremony

The public is invited to attend the installation of officers of Donner Council No. 13, Pythian Sunshine Girls in Odd Fellows Hall on June 30, plans for the ceremony completed at the June 16 meeting at which Nancy Marquis, royal princess presided.

Janice Gray will be installed as royal princess, with other officers for the ensuing term. Sharon Pace will be the installing officer.

Nona Rae Coffey will be the chairman for the decorations and Miss Pace will head the refreshment committee.

A shower of bath towels was given by the girls for the Pythian Youth Camp in Sequoia National Park.

The new officers will preside at the scheduled meeting to be held on July 7.

DR. NESSIM TAKES POSITION IN SOUTH

Dr. Jose Nessim, practicing physician at Kings Beach and Truckee for the past several years, has written from Los Angeles announcing that he has accepted a residency in a hospital there. Dr. A. Sklar is continuing the practice in the Kings Beach area and is also a member of the Tahoe Forest Hospital.

Last year Dr. Nessim was chief of staff at the local hospital but whether or not he is forfeiting his membership on the staff here was not made clear.

Dr. Nessim and his bride returned recently from a European honeymoon.

Open House Planned Tahoe Lumber Store

TAHOE CITY—Mr. and Mrs. Charles Cross are extending an invitation to everyone to attend the big open house at the Tahoe City store of the Truckee-Tahoe Lumber Company on Sunday, June 27.

One of the features of the event will be the barbecuing of ham on the Big Boy Barbecue. The ham, along with other items of refreshments will be served to those attending.

The open house starts at 5 p.m. and everything is free.

Second Birthdate Is Motif of Party Here

Steven, young son of Mr. and Mrs. Robert Rose enjoyed a party on his second birth date, June 19, Friends and relatives who shared the event with him included Mr. and Mrs. Al George of Oakland, Mr. and Mrs. Kenneth Faulkner and daughter, Mary Ann, Mr. and Mrs. I. Firpo and children, Vicki, Stephanie and John, Mr. and Mrs. Tony Ghirard and Mrs. Theresa Cozzalio.

Hospital Costs To Include Repairs, Budget Approved

Operation of the Tahoe Forest Hospital during the coming fiscal year will approximate $143,895 with an anticipated revenue of $122,000; Administrator John J. McGlade announced following a meeting of the hospital board of directors to study the proposed budget.

That means that $21,895 must be raised through taxation and the rate will be 15 cents per $100 of assessed valuation, McGlade said.

The budget calls for an increase in the repair and maintenance requirements at the hospital. It is planned to complete the exterior portion of the patients' porch and install heating equipment in that part of the building.

The eaves of the building, badly damaged by heavy snows two years ago must be replaced where they are breaking off and considerable work is planned for the grounds.

In connection with the latter project, the unsightly and unsanitary water hole back of the hospital will be filled in and a drainage installed to keep water off the hill in the rear of the hospital from creating a bog in the rear yard. This work was recommended by the Placer County sanitarian, McGlade said.

Other expenditures recommended in the budget include minor adjustment in the salaries in some categories, although no general increase is contemplated. The employment of a radiologist on a percentage or part-time basis also will add to the budget in a minor degree, the administrator said.

It is proposed to black-top the two drives at each end of the hospital, where deep mud holes have been in the spring and fall of the year.

Other costs at the institution are expected to remain static for the time being.

BANK OFFICIAL IS SPEAKER AT MEET OF LOCAL CLUBS

Earl Lee Kelly of Sacramento, a vice president of the Bank of America, was speaker before the Lions and Rotary Clubs here last night at Donner Lake Lodge. Kelly told of the rapid growth of California's population and of the present and future tax problems, citing local instances for illustration.

Robert Saunders introduced the speaker and Charles Heller presided.

The birthdate of Reg Smart was fitting observed during the meeting. Guests included V. Ceaselli and Jack Thomas of Sacramento, A. A. Carmitchel of Crystal Bay, Al George of Oakland, L. H. Nations and John Finnegan of Truckee.

FIREWORKS AT TAHOE PLANNED BY FIREMEN

The Tahoe City Fire Department is sponsoring the second annual fireworks display at Tahoe City on Sunday, July 4 at 8:30 p.m. and the entire community is being invited to join in the exhibit and fun.

The group is seeking financial aid to pay for the program, but already assurance has been given that the fireworks this year will be bigger and better than ever.

Drunk Driver Fined In Truckee Court

A fine of $500 or six months in the Nevada County jail was the sentence imposed on Charles S. Mitchell of Richmond when he appeared on a drunk driving charge before Fosten Wilson, justice of the peace here on Tuesday, June 22. Mitchell went to jail following the court session. He was apprehended by Highway Patrolman Thomas Sheehan at the California Agricultural Station on June 20.

Have Cookies—

Girl Scout Troop No. 2 and Brownie Troop No. 1 began delivering their special cookies on Wednesday, having taken the orders prior to a recent strike in the bay district.

In Manteca—

Mr. and Mrs. Tom Wilson have returned to Manteca after staying with Mrs. Bob Euer for several weeks.

Local Chamber Promotes Races, Fireworks Here

Two Big Events Scheduled For Future At Lake Donner

The fireworks display on Sunday, July 4th and the outboard boat races at Donner Lake on July 11th, starting at noon, are two of the current projects of the Truckee Chamber of Commerce demanding the attention of the directors.

At a meeting of the board at Donner Lake Lodge Tuesday night it was decided to sponsor the boat races at the lodge with any profits from the barbecue, one of the advertised attractions, reverting to the chamber for future similar events.

The chamber is cooperating with the lodge management and will handle the advertising and publicity for the event as well as contributing $100 of the $650 required to stage the show.

A large number of entries are anticipated and the races promise thrills for the spectators as well as the drivers.

The barbecue, for which tickets will be sold, will be held at 4 p.m. at which time trophies will be presented the winners of the races.

On the committee assisting Bud Bradshaw, lodge manager, are President Howard Newsham, Rex Reid, Dr. Oliver Scow and Publicity Manager Orval Vaughan.

Earl Stice and Reid are preparing the July 4th fireworks program at the west end of Donner Lake starting at 8 p.m.

STUDENT PASTOR WILL GET LOCAL CHURCH POSITION

Rev. Wesley H. Osman, a student pastor, has been appointed to the Methodist Community Church by Bishop D. H. Tippett at the recent Methodist conference held in Stockton, and is expected to arrive here in the near future.

Mrs. Eugene Risden announced that a reception and pot luck luncheon will be held in the church edifice on Sunday, June 27 at noon immediately following the morning service, in honor of Rev. Osman.

Those wishing to attend the welcome are cordially invited and are requested to take a hot food dish or salad to the gathering. Added information may be given by telephoning Truckee 122.

Sidney C. Winston, former pastor of the Truckee and Kings Beach Churches, wrote that he had appealed to Dr. D. W. Throckmorton, superintendent of the Sacramento district, for reassignment either to a church post or as a revival minister, but had been refused a license.

Winston said he had been informed by the district superintendent that his situation had been discussed and that "there wasn't a district superintnedent in this conference who would give me an assignment."

COUPLE FINED HERE FOR DRUNKEN FIGHT

Harold and Lola Stevenson of Louisana, arrested near Floriston Monday night by Constable N. F. Dolley on charge of violating the county sobriety ordinance and fighting, were hailed before Judge F. W. Wilson this week and fined $50 each. They were then permitted to proceed on their way home.

Family Guests—

Mr. and Mrs. Tony Ghiard had Mr. and Mrs. Eugene Illardi and sons of Sacramento as their guests this week. The Ghiards will have their grandsons as their guests for a vacation.

To-day's the Day—

Virginia, daughter of Mr. and Mrs. Harry Barnes is having a birthday party today.

Wedding Anniversary—

Mr. and Mrs. E. A. Parker observed their wedding aniversary on June 20.

At Mahne Home—

Mr. and Mrs. John Clark of Sacramento are on vacation and are guests at the Anton Mahne home. Mr. and Mrs. Roy McKinnon were also guests there last weekend.

Tahoe Chamber Plans Membership Meet At Brockway

BROCKWAY—The annual membership luncheon of the Lake Tahoe-Sierra Chamber of Commerce will be held at the Brockway Hotel Friday, June 25 at noon.

This is an important meeting and gives all the members of the chamber an opportunity to get together for the presentation of problems effecting the entire lake.

Everyone interested in the further development of the famous resort area is invited to attend this session.

Fred Main, president of the group, will be in charge of the meeting and reports are expected from various committee chairmen.

CHARLES OSBURN AGAIN TO HEAD LOCAL SPORTSMEN

The Truckee Outdoor Sportsmen held a special election of officers meeting Tuesday night at the Capital Hall.

Charles Osburn was retained as president of the group.

Other officers elected were: Jack Waggoner, vice-president; Orval Vaughan, secretary-treasurer, and the following board of directors: Reg Smart, John Ciradella, Geno Giovannoni, Darrell Knoefler, Dr. Oliver Scow, Byron Miller, and John Richards.

After a few items of business, President Osburn called Dr. Jerry de Roth, of the University of California Fish and Game Project, to explain the work being done on Sagehen Creek.

The main portion of the program was offered by our local Department of Fish and Game representative, Irvin Single. He presented an official film on "California Deer Herds."

At the close of the meeting everyone enjoyed the delicious refreshments prepared by Johnnie and Mrs. Ciradella.

There were 45 people in attendance at this election meeting.

Commercial Zone For Nevada Side of Lake Planned By County

RENO—First commercial zoning on the Lake Tahoe shore was approved by the Regional Planning Commission last night.

The area is approximatelv 20 acres, just north of Cal-Neva, which Mrs. Marcia Farrell Hart plans to develop commercially from the highway frontage to the lake shore. The planners noted that a considerable portion of the lake frontage is steep, and will probably not be commercially successful. However, an existing boathouse and pier at the south end of the property could probably be utilized commercially into a sort of yacht harbor facility.

The original request for commercial zoning of the property was turned down by the commission last year. The present request is for a smaller piece of the same land, and provides a buffer zone of single residence property, owned by Mrs. Hart, on either side of the proposed commercial zone.

The planners' recommendation will go to the Washoe County Commissioners for action.

SOFTBALL GAME ON SCHEDULE TONIGHT

The Sierra Pacific Power Co. and the C.S.E.A. softball teams are scheduled to have a game in the local park this evening.

Refreshments will be served at the booth, Daven Morey, president of the Truckee Athletic Club, Inc., announced.

Fishing Good—

Fred Calkins who left here for Concord, has returned and has been fishing with success.

From Valley—

Mr. and Mrs. Ernest Johnson of Roseville are again spending the summer at Rainbow Tavern, Soda Springs.

Utah Visitor—

Dr. George Hahn was a recent visitor in Utah.

South Guest—

Mrs. William Englehart, Jr., has been vacationing at Pasadena.

Stockton Box Mill Struck; No End Of Dispute In Sight

Loggers, Mill Workers In Truckee Join In West Strike

With the Stockton Box Company's mill here standing idle, the loggers of the Truckee Lumber Company laid off because of the shut-down of the mill, the strike of the Northern California Lumber and Sawmill Union has paralyzed one of the areas leading industries.

No new development in the argument over wages between the union and the mill operators has been announced but unofficially it was learned that a meeting may be held early next month to seek a settlement.

Nearly 100 men are effected by the local strike which took place Monday morning as scheduled.

The union is seeking an increase of 12½ cents an hour, while the mill operators, who had previously tentatively called for a small cut, have agreed to renew the contracts on the former basis.

An estimated 103,000 members of the AFL Lumber and Sawmill Workers and the IWA have walked off their jobs in the states of Oregon, Washington and California.

The local mill workers are affiliated with Local 2687 at Auburn.

The strike results are expected to spread to other allied industries unless a settlement can be reached before long.

Lew Baysinger, superintendent at the mill, stated today that so far as he can learn there is no hard feeling existing between the crews and management over the strike.

"We have always enjoyed very friendly relations here, and we hope this understanding will continue," Baysinger said.

LAST RITES HELD FOR SHERIFF WARD

Services were held at 2 p.m. on Wednesday for Charles F. Ward, sheriff of Placer County at Auburn, following his death from a heart attack on Sunday. Interment followed in IOOF cemetery, Dutch Flat.

A native of Oklahoma, Ward was the son or an ordained Baptist minister. He had lived in Placer County for the past 20 years, most of that time spent in the Alta district in northern Placer County.

Ward was appointed sheriff in 1951 following the death of Sheriff Bill Elam. He had been constable in the Alta-Dutch Flat area for several years and had worked as an investigator under former Sheriff Elmer Gumm.

Ward's survivors include his wife, Mrs. Beth E. Ward of Auburn; two daughters, Mrs. Ray Robinson of Fresno and Alice Ward of Auburn; two brothers, Floyd Ward, of San Francisco and John H. Ward of McAlester, Okla.; and two sisters, Mrs. Beulah Yeater of Brownfield, Okla., and Mrs. Pauline Bronson of Rancho Santa Fe, and two grandchildren.

Confiscated Firearms To Be Sold By Fish-Game

More than 130 confiscated firearms will be auctioned off Saturday, June 26, by the California Department of Fish and Game at the National Guard Armory in Sacramento.

The weapons, ranging from magnum rifles to .410 gauge shortguns, were taken from law-breaking hunters by California judges as part of their sentences. They will be sold for cash only on an as-is basis.

Regional Business Service Officer John W. Berkee announced that a descriptive list of the 103 rifles and 27 shotguns may be obtained by mail from the department's regional office, 1215 16th street, Sacramento. Other firearms may be added to the list later.

The weapons will be on display between noon and 11 p.m., Friday, June 25 at the 12th and W streets armory. The auction begins at 9 a.m. the following day.

Fair Here—

Mr. and Mrs. Wesley Fair have returned here for the summer, the latter having spent some time in Long Beach with relatives.

Second Forest Fire Of Season Started Near Donner Lake

The second forest fire on the Truckee District of the Tahoe National Forest was reported this week when an incipient blaze burned over an area 30 by 100 feet in the Donner Tract, north of Highway 40 near Donner Lake.

The fire, believed to have started from a carelessly tossed cigarette, was discovered at 3:30 p.m. Tuesday.

The forest service equipment, supplemented by the pumper from the Donner State Memorial Park, and a dozen volunteers soon had the blaze under control, although it was located in an area where great damage might have been done had it been permitted to spread. There are a number of homes and businesses in the immediate area.

The Forest Service warns that because of the unusually warm weather, the forests are tinder dry and fire hazards are at a high peak. Everyone is warned to use utmost care in the handling of fires and inflammables.

Reports Feature Meet Of Women's Clubs At Truckee Session

Reports on state and general convention activities were given at the northern district summer conference of the Federated Women's Clubs which met at Donner Lake Lodge last Friday. Mrs. Fred Pedley, president of the Wyethia Club reported that 110 were served at the luncheon meeting.

Mrs. P. G. Friday presided and welcomed Mrs. J. Miller as the delegate who came the greatest distance, arriving from Klamath Falls, Ore.

Fifty-seven past and present officers of allied clubs were among the membership.

Mesdames Robert Buddle, August Benjamin poured during the morning coffee hour.

Small pine cones, decorated with copper and green formed the table decoration and were given as favors to the members.

Tahoe Women Hold Club Meeting At Joe Ross' Trade Winds

TAHOE CITY—Members of the Women's Club of Tahoe enjoyed a wonderful Cantonese dinner served at Joe Ross' Trade Winds at Kings Beach last Thursday. Appetizers of won-tons were served attractively to the women before the luncheon and all appreciated how Ross and his staff went al lout on the occasion.

There were 35 women present, including guests from Oregon, the area and other places.

The next meeting will be held at the White House July 1.

Holt Was Not Held For Gasoline Theft Here

Fred Allan Holt who last week was arrested on a charge of stealing slot machines from a Lake Tahoe resort, was not arrested here last year as previously reported in the Sierra Sun as being involved in the theft of gasoline from cars. The record shows that he was questioned after two other boys were nabbed for stealing gasoline.

Attend Golden Wedding—

Mr. and Mrs. William Stevenson attended the golden wedding of her parents last week when Mr. and Mrs. O. D. Smith of Del Paso Heights celebrated the anniversary with an open house. The Smiths have five children and seven granddaughters.

Berrys Leave—

Mr. and Mrs. Frank Berry who have been living here have returned to Garberville where the former is employed.

Here for Dual Event—

Mrs. John Moro of Sacramento is the guest of her son-in-law and daughter, Mr. and Mrs. Angelo Besio. The visitor was present at the dual celebration of the June 19 birth date of one grandson, John and the first communion of his brother Steven, on Sunday.

Sunday Party—

Mrs. Oval Vaughan was hostess at a small party on Sunday given in honor of the June birth date of their daughter, Carolyn.

Truckee Garage Owner Is Rescued Following Mishap

Truckee Men Assemble To Assist Osburn In Wilds

Clarence E. Osburn, well known Truckee resident and owner and manager of Osburn's Buick Garage, will undergo an operation tomorrow to have the bone set in his upper left leg, broken in a harrowing experience while on a fishing trip Sunday morning.

Osburn with 15 Truckee Boy Scouts of Troop No. 7 went to the White Rock area back of Weber Lake Saturday for a weekend outing. Sunday morning at 8 o'clock while fishing from a rock in the most rugged portion of the district, Osburn slipped on a rock and fell. While he fell only approximately two feet, he landed in such a manner as to fracture his upper leg near the hip.

Because of the location of the accident, extreme difficulty was experienced in getting him out and it was more than 24 hours before he was taken to the Tahoe Forest Hospital where his condition is described as favorable.

Dr. Sidney Kase of Truckee who was called went to the scene of the mishap in a jeep driven by Tommy Dolley, one of the boys in the group who came out to summon aid. The doctor stayed with Osburn until he reached the hospital.

The local physician gave credit for possibly saving Osburn's life to Nelson Stone, newly appointed scoutmaster and assistant forest ranger, and the boys themselves. They rigged up a makeshift traction after splinting the fractured limb and secured one end to a rock, thus keeping the wound from becoming aggravated until the doctor arrived to render first aid treatment.

Nearly a dozen Truckee men, hearing of the accident, went to the scene and were preparing to carry the injured man out to safety. However, because of his condition, Dr. Kase asked that a helicopter be dispatched to the area. When it was learned that none was available, a rescue squad from the Stead Air Force Base in Nevada went to the location and assisted in the grueling task.

The crews were required to carry the badly injured Osborn for more than a mile over land which was almost impossible to cover. Then for some distance he was transported in a jeep and met the Truckee ambulance near Weber Lake, reaching the hospital shortly before noon Monday.

Dr. Kase described the injury as a "spiral, comminuted sub-trochanteric" break which is expected to keep the victim in the hospital for two weeks at least and which may require a much longer time to completely heal.

Among those aiding Osburn from Truckee were beside Stone, Irv Water, Robert Saunders, John Waller, Loren Russell, Dr. C. C. Cozzalio, Anthony Ghirard, Karl Kielhofer, Emmett Gordon, Hugh Weinand, Gilbert Kumle, Anthony Pace, Robert Moore and Warden Irv Single.

Mrs. Osburn made the trip into the isolated area Sunday afternoon to be with her husband.

Rescue Squad Meeting Called For Friday To Discuss Future Plans

The accident involving Clarence Osburn Sunday has resulted in a call by Fire Chief N. F. Dolley to reorganize the Rescue Squad and a meeting has been called for Friday evening at 7:30 at the justice court for that purpose.

Everyone interested in Truckee maintaining a first-class rescue squad to man the truck which is fully equipped for all emergencies, is asked to be present at the meeting.

Particularly urged to attend are members of the Sheriff's Ski Posse, the Fire Department and Forest Service officials, as well as sportsmen, jeep owners, law enforcement officers and others.

It is hoped by those in charge that the services of the squad will never be needed, but a well organized, functioning group is desirable and in the past the truck and squad have been called into action two or three times each year.

Dancers to Donner

The Donner Dancers, a local organization devoted to old-time and folk dances, will meet Friday at 7:30 o'clock at Donner Lake for their weekly session. Each couple is asked to bring refreshments.

Here From Wilton—

Chester Zunino and his son John of Wilton visited the former's father, Jerry Zunino on Tuesday.

Moreys Travel—

Mrs. Daven Morey and children, Daven and Anne are expected to return from an eastern vacation during the first part of July. Mrs. Constance Morey of Sacramento is visiting her son, Daven Morey.

Franklin D. Roosevelt Lake, behind Grand Coulee Dam in central Washington, covers 85,000 acres.

The first Atlantic cable company was organized May 6, 1854, by Cyrus W. Field.

Madera county had 1900 farms in 1950, according to the census of agriculture of that year.

AS GENERAL ELECTRIC SEES IT

Few people realize how rapidly America's economy is growing

General Electric is backing its belief in a long-term period of industrial growth by the biggest building program in its history, spending more than a billion dollars since 1946

Anyone who spreads fears that we may be facing another major depression ignores completely how much America has changed since the 1930's.

First G-E refrigerator helped create 100,000 jobs

Industrial research and development have broadened the base of our entire economy and, even more important, have laid the groundwork for a steadily increasing expansion in the years to come.

Here are just two examples of what has happened.

The first electric refrigerator with a sealed-in mechanism was introduced by General Electric in 1926, and its production in that year required only a few hundred people. Today, refrigerators and freezers make up a billion-dollar business which employs more than 100,000 men and women in manufacturing, plus additional thousands in retailing and distribution. The freezer itself has made possible another whole new industry, frozen foods.

Today's new products and new industries ...

In 1939, most of us knew electronics only as tubes in our radio, and the entire industry sold 230 million dollars' worth of equipment. Electronics is now a 4½-billion-dollar business, and some experts predict it will grow to 20 billions in the 1960's. General Electric, just one producer, now has electronic-equipment factories in 13 different parts of the country and has stepped up its payroll in this field to 27,000 in just 15 years.

This trend of expansion is not slowing down. It's rapidly accelerating.

Many exciting new industries are predictable as we learn how to make full use of atomic energy. Another important new field will be electronic machinery that will make work easier, production swifter. Our scientists are experimenting with metal crystals 50 times stronger than any metals we now know. New and better home appliances are on the way. More uses for the gas turbine are coming out of jet-engine experiments.

These are only a few of the things General Electric is interested in, and other companies, of course, are hard at work on equally promising projects.

. . . will continue to keep America's economy expanding

Our belief in a long-term period of industrial growth is not wishful speculation. It's being backed by the greatest building program America has ever seen. Last year, the nation's industries spent 28 billion, 400 million dollars for new plant and equipment; this year, they will spend only slightly less. Our own investment since 1946 has already reached more than a billion dollars. In 1954, a record 175 million dollars will be invested in new plant facilities by G.E., 24% more than last year.

This is the kind of confidence we have in the country's future.

Progress Is Our Most Important Product

GENERAL ELECTRIC

AUDUBON SOCIETY TO STUDY NATURE

Beavers, badgers or blue jays, no matter what your interest in nature is, the National Audubon Society's California camp provides an unexcelled opportunity to study nature under the guidance of experts.

Nestled among the peaks of the High Sierra at Sugar Bowl, the camp is within easy access of five life zones, from the timberline down to the Nevada desert, each with its unique associations of plants and animals. Within a few minutes of the camp lie alpine meadows, ponds and streams, mountain forests; over 150 different kinds of birds are seen in the area. An hour's drive to the east lies the Nevada desert; to the west, the foothills of the Sierra.

The Audubon Society operates summer camps in California, Connecticut and Maine. The purpose of the camps is educational; by increasing the understanding of the inter-relationships of the animal and plant worlds, the society emphasizes the need for the conservation of all our natural resources.

The California camp provides adult instruction in the natural sciences for those who seek it, regardless of how much or how little they already know. Eighteen is the minimum age.

Staffed by six trained instructors, courses in nature activities, birds, vertebrates (other than birds), invertebrates and plants are offered. Most of the instruction is done on field trips with classroom time held to a minimum. Campfires, singing, picnics and illustrated talks round off the program. Recreational facilities are available.

Special Doe Hunt For District Is Approved

A fish and game commission hearing on their proposed either sex deer season in this area on October 16, 17, 23 and 24 was held at Grass Valley last week with representatives of sportsmen's groups, farmers and commission representatives in attendance.

Consensus of opinion among the sportsmen was that while a "hunter's choice" period at the end of the season would be much better, they expressed willingness to "go along" with the commission's proposal for this year because there is not time enough to go through the lengthy legal procedure necessary in bringing about their preferred method.

The area to be included in the special season is approximately 500 square miles and takes in portions of Placer, Yuba and Nevada counties.

One thousand permits are to be issued in a state wide lottery, 500 to be used on the first two days mentioned above and 500 on the latter two days.

TAHOE FOREST ACTIVITIES

COOPERATION IN FIRE PREVENTION

In the last two weekly issues of this column, there was outlined the work phases of fire prevention; that is, the job done every hour of the day every day of the year to keep a fire from starting.

The program of fire prevention is not, of course, peculiar to the Forest Service, nor is the emphases placed in the prevention activity that of the Forest Service alone. There are a whole host of private businesses, local, state and federal agencies, and semi-public groups working hand in hand to reduce the fire occurrence.

The State Division of Forestry, charged with the protection of wildland fires in California outside the National Forest boundaries, cities and rural fire districts, put forth considerable effort in this job. They work hand in hand and are closely correlated in effort with the National Forests. Special prevention program are carried out simultaneously. Techniques are correlated. Employed training aids and programs are freely exchanged. Territorial responsibilties are traded to avoid duplication and to further the scope of coverage.

The National Park Service works closely with the Forest Service and the State Division of Forestry—all efforts being closely correlated.

PRIVATE BUSINESS AND FIRE PREVENTION

Fire insurance companies spend considerable sums of money in prevention. To most everyone, it is believed that the interest of the private companies is confined to structural fires—houses, factories, stores, etc., but such is not the case of many loggers and lumber operators carry insurance to protect them against losses of forest fires. Too, forest fires often lead to structural fires. More and more these companies are directing their efforts toward the wildlands and more and more they are cooperating with land managing and land protection agencies.

Sawmill operators and loggers lose their livelihood when their mill or timber source is destroyed by fire. They are doing much to alert their employees to the preventing of fires and thus save their resources as well as the time and expense of suppressing the "one that got away."

The National Safety Council, with an interest to the elimination of individual safety hazards; automobile clubs, with interest to the preservation of scenery values; gas and oil distributing companies, such as Shell, Standard, Richfield and Associated, with an interest toward scenic values; movie houses, and small merchants are all doing a magnificent education prevention job. The Boy Scouts of America, Women's Conservation Council, business and professional women's clubs, and others are all doing their bit.

THE NATIONAL ADVERTISING COUNCIL

The National Advertising Council is an organization of leading commercial advertisers of the United States. Several years ago, this group decided to take on the job of correlation of all fire prevention activities conducted by their clients. This is done without charge and as a public service. Working closely with public agencies, U. S. Forest Service, National Park Service, State Forestry organization, each year they map out a national fire prevention educational campaign. A theme is selected and then the council's artists prepare designs for posters, billboards, pamphlets, leaflets, stamps, etc. Through their clients, then, this material is distributed and displayed. Supplies are also made available for schools, service clubs, etc. This organization is doing a marvelous public service job in fire prevention and the entire nation is indebted to them for this service.

Out of it all comes one simple fact—a fact you must accept if we are to reduce the nation's losses due to fire—"Remember, only you can prevent a fire."

Oregon Trail—

J. Homer Alleman of Woodburn, Ore., left for his home this week, following a visit at the home of Mr. and Mrs. Walter Barrett.

Beautifies Grounds—

Mrs. Bernice Smith, dietician in Tahoe Forest Hospital, continues her hobby by spending her time and money adding to the beauty of the grounds around the attractive building.

NOTICE TO BIDDERS

Notice is hereby given that sealed bids will be received by the Governing Board of the Tahoe-Truckee Unified School District, Placer and Nevada Counties, California, at the Office of the Superintendent, Truckee, California, on or before, and no later than Friday, June 25, 1954, at 5 p.m. for the contract or contracts to supply furnace oil to the schools of the Tahoe-Truckee Unified School District in accordance with specifications on file in the office of the Superintendent of Schools.

The Governing Board reserves the right to reject any and all bids, in part or in total, to waive any irregularities, and in to be the sole judge of the suitability of the product offered.

Bidders are required to submit complete specifications with prices for any and all products offered

By order of the Governing Board of the Tahoe-Truckee Unified School District.

Fifty years of building California...serving you!

NORTH TAHOE

By JUDGE HARRY CHARRISON

Another wonderful night at Joby Lewis' Cal-Vada Lodge was an invitation affair by Joby, to all the resort owners of the North Tahoe area, some 60 persons enjoying a delightful steak dinner and cocktail hour. It was more fun than a picnic. I had the delightful pleasure of being the M.C. Joby announced a brand new attraction for the thousands of people that will enjoy afternoon entertainment from 12 to 5. I would sure like one of those Star Fire Oldsmobiles that are on show outside and in the gaming room, who knows I may be lucky so might you, huh? The party wound up in great style, the gathering singing for "He's a Jolly Good Fellow" and meant it. Joby is one of the most community minded men in this area.

Members and their wives of the Lake Tahoe Lions Club were guests of the management of the Cork 'n Net last Tuesday night and a wonderful repast was enjoyed by every one present. This was greatly appreciated by the whole membership.

Mrs. Malla and son, Ned, and niece have arrived at their resort, which Ned purchased from Fred Barton, almost opposite Stevensons Service Station. Drop in and see these wonderful people, on both sides of the street.

Wyman Williams of Pasadena was up over the weekend, his first remark—the usual of course: "Oh, but this air is beautiful." Had to leave for a little while and then hopes to be up for quite a long vacation.

Saw Joe Ross of the Trade Winds standing and looking at the back of a car the other day, stopped to see the reason. A sign read "Joe Must Go." Joe says: "I only just got here I don't wanna go."

The article in the Sierra Sun of a couple of weeks ago about the hand of friendship, that was shown at the Community Church dinner that was held at Joby Lewis', has been inserted in newspapers all over the country. Nell Barkhurst told me she had the Portland, Ore., Journal sent her and sure enough there was the article, it was also in the Los Angeles and San Francisco paper and over the radios. It would seem that the hand of real friendship is seen so little these days that when it is, it is such a surprise that it really is something to talk about, so let's keep our hand extended and be sure some neighbor will grasp it. Remember from little acorns great oaks grow.

Some of the old timers of our community will remember the Herds that ran a drive-in on the property where Pearl Koltes has her home some 12 years ago. We are very happy to see Shellah Herd back with us. She is with Bonnie Barnett in the real estate business at Kings Beach. The last year Shellah spent at Laguna Beach and was in the real estate business there. Some two years ago Mr. and Mrs. Herd were in an auto accident at the south end of the lake in which Mr. Herd was instantly killed and Shellah was badly injured, so that is what makes us so happy to see her, and to know that she has completely recovered. Stop in and see her.

Was talking to Earl Gray this week he informed me how proud he and his wife are of their son Bob. They went to Auburn to see him graduate from the Sierra College there. Bob was a member of Alpha Gama Si. They were surprised to see their son receive a medal as one student that had contributed so remarkably to the social and athletics of the college. Bob is a swell boy and should really go places. Congratulations.

By this weekend things should be humming around the clubs at Crystal Bay. Cal-Vada opened with a bang last Friday night, with the dining room packed, the Mills Brothers were the big attraction. When up that way stop in and see Joby Lewis, he appreciates it.

If you have young boys tell them how they can enjoy themselves around the waterfront, or back in the woods. Reports are coming in that they are—some of them that is—being a nuisance around the resorts. There is no need for it.

Rev. A. B. Covher and his wife were in Stockton attending the Methodist conference there and by all accounts were kept busy all the time. However in their absence, things have been moving pretty fast. The seats for the outdoor chapel the Wee Kirk of the Pines are nearly finished. In fact it is hoped that we can hold services on the Fourth of July. Robert Murray took care of the morning service with little Donna Germaine and Viki Ding. Donna's message was "What Is Religion and Why Do We Believe in God?" Viki's message was "Our Relation to God and What Is the Christian Religion." Mrs. Margaret Ward sang a beautiful solo. The minister is endeavoring to make this church of the open mind, the warm heart, and the aspiring soul.

It is with great regret that we hear of the passing of Charles F. Ward, sheriff of Placer County, taken ill earlier in the week, and passed away last Sunday morning. As sheriff he had done a remarkable job. It was a big job in a big county, and his many duties were pressing him pretty hard, day and night. I shall never forget the many courtesies he had shown me and was always very helpful at all times. We, all of us, I am sure, send our very sincerest condolences to his family.

Oh, yes, and Don Cox, sheriff of Sacramento County, was also a visitor of the Richard Laverys'. Don has some record, this is his twenty-second year in that office. That kind of proves his popularity the county.

Don't forget the dinner to be given at Cal-Neva Lodge and North Shore Club for the benefit of the North Tahoe Fire Control, on the 29th of June. Ask any business house about it, and they will supply you with any amounts of tickets. No sale will be too small and none too large. This is your insurance and for your protection, let's pay off the debt on the truck now.

Frank Luera, a summer transient, more or less, was hauled into court this past weekend for creating a disturbance in the Buckhorn, and brandishing a knife therein. After witnesses were heard, he was found guilty and was sent to the Placer County jail for 90 days with 45 days suspended on condition he stay out of this area in the future as upon return he would have to serve the 45 extra days.

I had the pleasure of meeting Doctor Wyatt, who at the present is living at Eugenes Chalet in Crystal Bay, but is by all accounts opening offices in the Na-Neva-Ho building which will have about six rooms and all the modern equipment. He has purchased lots next to Eugenes and intends to build there, and also will stay in all winter. Doctor Wyatt has recently sold his hospital in Redding and has really fallen in love with Lake Tahe, enough to make his home here, Welcome, Doctor.

LOAN ASSOCIATION TO HOLD PROGRAM AT AUBURN FRIDAY

The Placer Savings and Loan Association will hold open house on Friday, June 25, to celebrate the opening of its remodeled office at 965 Lincoln Way, Auburn.

Paul Claiborne, president, and the board of directors extend a cordial invitation to the public to attend between the hours of 12 and 8 p.m., to see the many modern improvements which have been incorporated in the new office.

A gift will be distributed to each person who attends the opening.

An expansion of office facilites was necessary to accommodate the many customers of Placer Savings, Claiborne stated.

The association, which was organized in 1946 with a capital of $25,000, has grown in the span of eight years to the point where its present assets total $1,800,000.

The remodeling program was begun last April and completed this week.

Many modern facilities, including complete air conditioning, luminous ceiling and accoustical walls to make possible the transaction of business with base, speed and comfort are highlights of the new office.

STATE-WIDE AUTO DEATHS DECLINE

SACRAMENTO — Despite the tragic California traiffic toll which has now reached 1223 dead during 1954, there is reason for encouragement, according to figures released by the California Highway Patrol.

Statewide traffic deaths are 255 below the 1478 persons killed during the same period last year. In unincorporated areas of the state the progress is somewhat better, with 270 fewer fatalities than 1953.

Based on the nationwide formula of $95,000 loss per traffic death, the savings accrued to the people of California so far this year amount to $25,650,000.

"This sum is almost double the entire operating budget of the California Highway Patrol during the fiscal year of 1953-54. This budget was $14,800,000. With a uniformed strength of 1526 members, the cost of operation amounted to less than $700 per officer," Patrol Commissioner B. R. Caldwell noted.

"These savings would employ and maintain 2644 additional patrol officers. We can conservatively estimate that such an expanded force, using present highly developed visible enforcement techniques, would save at least half the lives lost on rural highways," he stated.

"To save half these lives would net the people of the state more than fifty-eight million dollars."

Bert Scott of Piedmont paid a visit to the family summer home one day last week. He and Mrs. Scott will soon be arriving for the season.

TAHOE CITY—The Ernest Paul Hunts of Palo Alto are opening their gift shop in the Bob Watson home in town for the summer season.

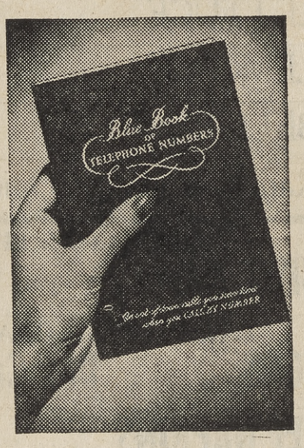
WHAT'S DOING

New cable sheath saves money

If you look closely at the telephone cables in the picture—both similar to the ones that carry your calls—you'll see a difference in their coverings. The outside of the cable on the left is made of lead. And, formerly, only lead did a good job of protecting the vital wires inside. But now we have a new cable covering called "stalpeth" (the one on the right). Perfected after long research, it's made of aluminum, steel, and plastic. Stalpeth weighs less than lead and costs less—up to 43 cents a foot less. We're using it wherever we can . . . to furnish more service, good service, at low cost to you. **Pacific Telephone works to make your telephone a bigger value every day.**



Easy way to speed long distance calls

You'll get faster long distance service if you give the operator the telephone number you're calling, rather than just the name and address. And to help you keep out-of-town numbers handy, we'll be glad to send you a free booklet to list them in. For your copy, just call, write, or drop in at our business office.

You can save time and steps

For just pennies a day, you can enjoy the privacy and convenience of an extension telephone in any room of your home. Extensions save steps, save time . . . make it easier for the family to place calls, receive calls. No additional outside wires or equipment are needed—just the telephone itself. To get your extension, call our business office. **Pacific Telephone.**

The home of Lt.-Col. R. C. Jones at Carnelian Bay is open this week, the family coming from Los Gatos.

The D. B. Robinsons of Hemet are enjoying the summer weather at Meeks Bay.

Mr. and Mrs. J. Philip Murphy have arrived from Piedmont this week to stay until September.

Mr. and Mrs. Earl Kennedy who formerly made their home at Tahoe City have moved to Vallejo.

NOTICE TO CREDITORS
No. 5501
IN THE SUPERIOR COURT OF THE STATE OF CALIFORNIA IN AND FOR THE COUNTY OF NEVADA

In the Matter of the Estate of Joseph B. O'Neill, also known as Doctor Joseph B. O'Neill, Deceased.

NOTICE IS HEREBY GIVEN by the undersigned, Betty Jo O'Neill, Administratrix of the estate of Joseph B. O'Neill, also known as Doctor Joseph B. O'Neill, deceased, to the creditors of and all persons having claims against the said deceased, that within six months after the first publication of this notice, they either file them with the necessary vouchers in the office of the clerk of the Superior Court of the State of California, in and for the County of Nevada, or exhibit them with the necessary vouchers to the said administratrix at the law offices of Francis W. Robichaud, Masonic Building, Truckee, California, the same being the place for the transaction of the business of the said estate in the County of Nevada, State of California.

Dated: May 27, 1954.

BETTY JO O'NEILL,
Administratrix of the Estate of Joseph B. O'Neill, deceased.

Date of first publication, June 3, 1954. June 3, 10, 17, 24

BROCKWAY ROTARY HEARS TALK ON TRIP OVER WORLD

KINGS BEACH—The members of the Rotary Club of Brockway at their regular Monday night meeting had the pleasure of hearing Pierre Goss, manager of the Bank of American in Auburn tell of his recent world tour, at which time he visited England, Holland, France, Germany, Austria, Italy, Palestine, Egypt, India, China, Japan and Hawaii. Pierre visited Rotary Clubs in each country and emphasized the wonderful hospitality which was shown him.

District Governor-Elect W. E. Jansen accompanied the speaker and was accorded a hearty welcome by our members.

Visiting Rotarians were present from Livermore, Tahoe City, Oroville, Redwood City, Toluca Lake, Quincy, Catalina, Tuscon, Ariz., and Las Vegas, Nev.

The Rotary Club of Brockway meets every Monday night at 7:30 p.m., Cal-Vada Lodge. However, Monday night, June 28, will be ladies' night and the officers elect, for 1954-55 will be installed at this time. Members take note—the dinner hour is set for 6:30 p.m. on the 28th.

Guests for several weeks at the E. H. Pomin's Tahoe Park Cottages are their son-in-law and daughter, Mr. and Mrs. Albert Boge of San Francisco. Mrs. Boge's daughter, by a former marriage, Miss Barbara Woolley, well known at Tahoe where she frequently summered as a child, is now residing in Oakland and teaches in a school in San Leandro. Mr. Boge's daughter, now Mrs. Beverly Dawson, now lives in England where her husband is stationed with the Air Corps. They have one little daughter.

Tahoe Wedding Of Well Known Couple Held Sunday At 2

TAHOE City--One of the loveliest weddings of the current season was held on Sunday, June 20 at 2 p.m. at the Outdoor Chapel of the Pines, near Tahoe Tavern. There, before a large gathering of relatives and friends Miss Shirley Flagg, only daughter of Mr. and Mrs. John Flagg, prominent residents of Tahoe Park, was united in marriage to Louis Chapman Fortz, son of Mrs. Grace Bortz of Orange, Calif.

Bishop Noel Porter of Sacramento, and Tahoe, performed the double ring ceremony. The attractive bride was resplendent in a creation of white chantilly over satin, with fitted bodice, scalloped neck, and full skirt of appliqued chantilly panels over nylon illusion with chapel train. Her three-quarter veil was of imported English illusion, attached to a juliet cap of pearl embroidered lace. She carried a bouquet of white orange blossoms and lily of the valley, centered by a large white orchid.

Maid-of-honor was Miss Laura Camm of Petaluma, who like the bridesmaids, wore yellow nylon dotted Swiss gowns, with halos of yellow and white carnations, each carrying a French bouquet of yellow carnations. The bridesmaids were the Misses Gale Johnson and Joy Thompson of Reno. Best man was Al Balhner of Orange and ushers were Marvin Flagg of Oakland and Paul Armstrong of Anaheim. The bride was given in marriage by her parents, Florence and John Flagg. White stock and white carnations adorned the altar of the small chapel where Denis Sach was soloist and Mrs. Gregario of King's Beach was organist.

Mrs. Flagg, mother of the bride, was lovely in a smokey blue gown with coral accessories and coral corsage. The groom's mother wore beige nylon with orchid and tourquoise trim and hat. A reception was held at Forest Inn on Ward Creek following the ceremony.

The new Mrs. Bortz graduated from University of Nevada early in June and attended Santa Barbara University of California. She was a member of Gama Phi Beta. The groom attended University of Santa Barbara and was former president of Sigma Phi Epsilon. Following their honeymoon the couple will motor to Fort Benning, Ga., where young Bortz will return to the service, and his wife will establish a home.

Mr. and Mrs. Joseph F. Bisig of Manteca are residing in the Charles Beardsley building at the Tahoe City wye this summer. Mr. Bisig will be associated with Mr. Beardsley in the real estate business this season.

ENGLE EXPRESSES THANKS FOR VOTE

WASHINGTON, D. C.—Congressman Clair Engle issued the following statement to the voters of his congressional district regarding his double victory at the primary election last Tuesday.

"Unofficial returns show my nomination by both the Democratic and Republican parties to represent them in congress next year. Because so few candidates for major offices in our state were accorded a double nomination in last Tuesday's election, I am keenly aware of the exceptional compliment given me by the people of my district. I am deeply grateful for their confidence and will do my best to deserve and justify it. I want to express my appreciation to all those in both parties who voted for me and especially those who volunteered their time and energy to work for my reelection."

The Clark Burnhams, Jr., are at Tahoe City, expecting to remain here until the first of September.

Mr. and Mrs. Charles Sherman, former well known Lake Tahoe couple, have recently moved from Turlock to Groveland, Calif.

Celebrating their birth dates with their families and friends during June were Michael Kaspian born on June 12, Mrs. James Walker was the incentive for a family party on June 18; Vic Salvaterra observed his natal date on June 20. Charles Glenn had a birthday party on June 17 and Joe Copeland on the 21. Reg Smart had a birth day anniversary yesterday.

Defeat of McLain Plan At Election Is Urged

Defeat of the so-called "McLain" initiative to increase aid to the aged, which will be on the November, 1954, general election ballot, was recommended by California Taxpayers' Association today.

California already has one of the most generous plans of aid to the aged in the country, the association declared.

In Nevada county, the 897 people already on the aged aid rolls received an average of $65.61 per person for March, compared with the national average of $51.25 per person for February, the association said. February is the latest month for which nation-wide data are available.

California's average aid per person on the aged rolls for March of $69.13 was 35 per cent higher than the 51.25 nation-wide average for February, the association said.

Lewis Marsten of San Francisco spent the weekend at his home in the Sunnyside district on the lakeshore. He will be joined soon by Mrs. Marsten and their two sons, who with Mrs. Marsten's mother, have been enjoying a motor jaunt through several midwestern states.

NOTICE TO BIDDERS

NOTICE IS HEREBY GIVEN that sealed bids will be received by the Governing Board of the Tahoe-Truckee Unified School District, Placer and Nevada Counties, California at the office of the superintendent, Truckee, California, on or before, and no later than Friday, June 25, 1954, at 5 P.M. for black topping portions of the school grounds at Truckee Elementary School, Kings Beach Elementary School, the Tahoe Lake Elementary School, and the Tahoe-Truckee High School, also installing a tennis court at the Tahoe-Truckee High School in accordance with specifications on file in the office of the superintendent of Schools.

Each bid must conform to the requirements of the plans and specifications and all other documents comprising the contract documents. The contract documents may be examined and copies obtained at the office of the superintendent of Schools, Truckee, California.

No bid will be considered unless it is made on a form provided by the superintendent of schools and accompanied by certified check, cashier's check or bidder's bond for 10% of the amount of the bid, made payable to the owner. The above mentioned checks or bid bond shall be given as guarantee that the bidder shall execute the contract if it be awarded to him in conformity with the contract documents and shall provide the surety bond or bonds required within five days after notification of the award of the contract to the bidders.

The successful bidder will be required to furnish a labor and material bond in an amount eaqual to fifty per cent (50%) of the contract price, and a faithful performance bond in an amount equal to one hundred per cent (100%) of the contract price. Said bonds shall be secured from a surety company satisfactory to the owner.

The owner reserves the right to reject any and all bids, in part or in total and/or waive any irregularities or informalities in the bidding.

Dated this 9th day of June, 1954.

On Measurement Is Founded The Whole Progress Of Man

A meteorologist in Uncle Sam's Armed Forces might well pause when he ponders the comparison between his modern scientific instruments and the original Galileo thermometer. The Galileo air-thermoscope consisted of a glass bulb containing air, connected to a glass tube of small bore dipping into a colored liquid. This contraption was affected by variations in atmospheric pressure as well as temperature changes,, so our sixteenth century forefathers were never sure of the true temperature. Yet, this was the conception of accurate measurement.

Compare it with today's high standard of measurement of Electricity set and met by your Utility District and the manufacturers of our Sangamo Electric Meters.

No Other Commodity Is Measured So Accurately as Your Electric Power

SWANEE'S Lake Tahoe Letter

Tahoe City, June 20

Dear Tahoeites:

No bride and groom ever had a more beautiful wedding day than the new Mr. and Mrs. Louis Chapman Bortz, who were married June 20 in the little Chapel of the Pines by Bishop Noel Porter, the bride being the former Miss Shirley Flagg, daughter of the John Flaggs of Tahoe Park. The couple will honeymoon in Hawaii. We will give you more details elsewhere in the Sun. May we just add congratulations.

One of the big events of last week was the open house staged by Mrs. Jean Edge and Mrs. Florence Cox, Mrs. Elsie Martin, Mr. and Mrs. Denis Each and Dr. Stuart Dingwall, all of whom hosted an informal social evening on Thursday night last for the host of friends who wished them well in their new enterprises in town. Mrs. Martin's realty office was the center of activity as cookies, donoughts and coffee were served visitors, and over at Sach's new DuPont Paint Company store a number of persons took home prizes of free paint. Large crowds inspected the new Tahoe City Washerette of Mesdames Edge and Cox, but operation is still restricted as the long promised sewer hook-up is not yet a reality. Only a small, limited amount of washing is being done at present, but as soon as the sewer is connected up, the Washerette will swing into full use. C. W. Vernon, president of the Tahoe City Utility District, tonight declared that he has talked with construction engineer L. A. Pitner, in charge of the local sewer work, and although he promises the task will be finished soon, no date can be given at this time. It was estimated that between 400 and 500 persons attended the Thursday night open house. Earlier at 7:30 the 60-piece Yuba City High School Band, under the leadership of J. Wilson McRae, gave a lively concert for the assembled crowd. The youngsters enjoyed several days vacation, as is their annual custom, at Tahoe Lakeside Cabins. The hosts of Thursday evening's big party are most appreciative of the large crowd which accepted their invitation to participate in the social evening. A prominent out-of-town guest who visited for several days here during the first week of the Sach's DuPont Paint Store operation was Stanley Cowell of Stockton, DuPont representative for this area, who was accompanied by his wife.

Dr. Stuart M. Dingwall, whose new veterinary hospital near Tahoe City is already a successful operation, left on Sunday morning for La Jolla, where his wife and daughter Nan have been awaiting him. Mrs. Dingwall and Nan will accompany him back to Tahoe City to make their home here from now on. Also coming along for a month's vacation at the lake with the Dingwalls is Miss Judy Mote, 12-year-old playmate of Nan's from San Diego.

Out at Lake Forest Sunday the big annual barbecue, started by the A. A. Snyders which has now become an institution, was held at the Snyder home near the lake front. Hosts this year included Bob and Don Snyder, the A. A. Snyders, the Pete Heugas and Steve Korich. It was estimated that around 250 persons partook of the deliciously barbecued lamb. Baked beans, scalloped potatoes, beer, coffee and numerous other delicacies, topped off by a striking centerpiece of huge cake. Out-of-town guests included Mr. and Mrs. Ben de Ganna and Mr. and Mrs. Bud Schnell and son Michael, all of Stockton, and Mr. and Mrs. Pete Riola of Sacramento. Mr. and Mrs. E. R. Harvey of Roseburg, Ore., are now houseguests of the A. A. Snyders for several weeks.

Latest word from the bedside of Don Snyder, who was rushed to St. Mary's Hospital for an emergency operation on Wednesday last, was that he was on the mend and progressing satisfactorily. His many friends here wish him speedy and complete recovery.

Postmaster Oliver Corona on Saturday motored down to Sacramento where he met his mother, Mrs. Katherine Corona, just released from the Santa Clara County Hospital after recuperating from a recent emergency operation. She is a guest at the Corona home here where she will be confined to bed for another three weeks, it is estimated. Good luck, Katherine, get well soon!

Ollie's aunt, Mrs. Alma Sexton, is reported to have sold her home in Tahoe Park and has returned to Chico to the bedside of her mother, Mrs. Gertie Collins, who suffered a stroke recently and remains in serious condition.

Open again for the summer season is the Swedish Farmhouse in Tahoe City. Its popular proprietors, the Don Del Carlos, will have as their houseguest off and on all summer, Mrs. Helga Olander, well known at Tahoe where she formerly operated Forest Inn on Ward Creek, with her son Carl. Mrs. Olander will assist in the operation of the dining room, Carl will be chef again this season, and three pretty blonde Scandinavian girls, dressed in Swedish costumes, will wait on tables. The Del Carlos, who enjoyed a month's vacation at the Halikuani Hotel in Honolulu last fall, attended the graduation services on June 16 of their 11-year-old daughter Ann Del Carol, who attended Joaquin Miller Eelementary School in Piedmont Pines. The Del Carols' Swedish Farm House "made" culinary fame when they were featured recently in Henry Ford's travelogue magazine, Ford Times. published in Dearborn, Mich. A water color of the Farmhouse, made by Marian Maxwell, Piedmont artist, which appeared in the highly complimentary article, was purchased by the Ford Museum, where it now hangs. A replica is now on display in the local dining room. Mr. and Mrs. Phil Olander, Mt. View, and daughter are spending two weeks at their Pineland home.

Dr. William F. Henry, local chiropractor, has reopened his office in Tahoe City in a new building situated at the wye. His new structure contains three treatment rooms, office,, x-ray and diagnostic room and is completely equipped for all physical therapy procedures. Dr. Henry has practiced for the past two years at his office in the family home, the former Vernon dwelling, in the Bittencourt Tract.

Down at Captain and Mrs. John Kvistberg's home in Tahoe Park recent guests were their grandson James Easton, his wife and two daughters, Elizabeth and Kathy, who reside in North Sacramento. Janie and the children remained for a week, with Jimmie visiting when he could get away from his business. Jim is well known here having lived with his grandmother for a number o years, and attending local schools.

Mrs. Alice Martin of Reno asks that I extend, through the column, an invitation to all present, and former Lyon County residents to attend the annual Lyon County picnic to be held this year on Sunday, June 27, at Bower's Mansion in Nevada. Guests are requested to bring along their own lunches. Frances Fox and Alice Martni head the committee on arrangements.

Visited with my old friend, Mrs. Annie Soll, at her Tahoe Pines home last night and learned that daughter Agnes, Mrs. Louis Gerkin of Sacramento, had enjoyed the distinction of winning first prize in a contest sponsored recently by the Valley Electric League.

Bishop Noel Porter has sent me the first news of the season for his popular Outdoor Chapel of the Pines near Tahoe Tavern. Regular summer services will start on Sunday, June 27, at 11 a.m. and continue for the season through September 5. Located just south of Tahoe City, the chapel with its ten acres of wooded property attracts visitors of all denominations from all parts of the world and presents each year a great demonstration of Christian unity. During July the organist will be Carl N. Tamblyn of St. Luke's Church, San Francisco, and during August Peter E. Gibson of Oroville will play. The chapel has recently acquired, through generosity of Frank J. Edoff of Piedmont, an additional 50 feet of property on the northern boundary, and intends making a new entrance road that will connect with the parking area in the rear.

In closing this week want to ask that if anyone has a few spare dollars they don't need, Bill Bechdolt of Tahoe Inn, chairman of the Volunteer Firemen's Fourth of July Celebration Committee, can use them for purchasing a stock of fireworks which will be displayed at Tahoe City on the Fourth, bigger and better (the boys hope) than last year's show. The town was simply swamped with cars last Fourth, the greatest traffic jam ever remembered for such an occasion. Dig deep and help along the patriotic cause!

Ring off for the week with a cheery adios to one and all . . as ever SWANEE

NOTICE OF SALE

NOTICE IS HEREBY GIVEN that on the 15th day of July, 1954, at the hour of ten o'clock A.M., at the main entrance to the Nevada County Courthouse, in Nevada City, County of Nevada, State of California, the undersigned trustee under the deed of trust executed by Clifford J. Cason and Lela B. Cason, his wife, parties of the first part, to Oroville Title Company, a corporation, party of the second part, and trustee therein, and Ira O. Gifford and Laura S. Gifford, parties of the third part and beneficiaries, recorded September 3, 1953, in Book 190 of Official Records of Nevada County, page 80 et seq., in the Office of the County Recorder of said Nevada County, by reason of default in the payment of the obligation secured thereby and in the performance of the covenants contained therein, including the breach or default, a notice of which was recorded March 11, 1954, in Book 194 page 534 in the Office of the County Recorder of the County of Nevada, State of California, of Official Records, will sell at public auction to the highest bidder for cash in lawful money of the United States the interest conveyed to said trustee by said deed of trust in and to the property therein described, situated in the County of Nevada, State of California, described as follows, to wit:

All that portion of the East half of the Northeast quarter of Section 17, Township 17 North, Range 16 East, M.D.B. &M., described as follows:

Commencing at a point in the Northerly line of U. S. Highway No. 40, at the intersection of said line with the south line of the north half of the northeast quarter of said Section 17, from which point the northeast corner of said Section 17 bears the following two successive courses, to wit: North 84° 35' East 230.01 feet and North 1298.23 feet; thence from said point of beginning along said Northerly right of way line North 84° 35' East 105.04 feet to the southeasterly corner of the parcel herein described: thence leaving said highway line and running north 10° 11' West 98.33 feet; thence North 85° 08' 30" West 46.60 feet; thence South 76° 30' West 136.10 feet to the northwesterly corner of the parcel herein described; thence South 12° 19' 10" East 87.83 feet to a point on the said northerly highway right of way line; thence North 84° 32' East 72.96 feet to the place of beginning, and containing 0.40 acres more or less.

For the purpose of paying the balance due upon the principal sum of said note, together with interest due thereon to date of sale as provided in said note, sums if any advanced under the terms of said deed of trust; the expense of said sale and the compensation of said trustee, as therein provided. Terms of sale, cash in lawful money of the United States.

Dated this 15th day of June, 1954.

CHILDREN WARNED OF UNSAFE DRIVERS

SACRAMENTO — "Kids, watch out for the careless driving acts of your elders."

With school closing for the summer, vacation-bound youngsters received this bit of advice from the California Highway Patrol today. The advice is based on figures for death and injury to children 14 years and younger during 1953.

Last year 291 youngsters under age 15 met death in traffic accidents in California. Of these, 109 were pedestrians. In the rural areas of the state 49 of 200 youthful fatalities were foot travelers; the remainder were either in or on vehicles.

"Many youngsters are actually being killed while riding in the vehicles of their parents or other persons supposedly mature enough to care for them," declared Patrol Commissioner B. R. Caldwell.

"The biggest single killer of children 1 t 14 years old is not the much publicized polio, nor pneumonia, nor even the dread leukemia. It is the motor vehicle accident," Caldwell pointed out.

Huge Traffic Toll In State Is Reported

SACRAMENTO ,(CNS)—The California Highway Patrol reported latest traffic fatality figures after a disastrous weekend which cost the lives of 44 motorists and pedestrians within the state.

The patrol said the casualty list from the beginning of the year through June 13 numbered 1223, still below the 1478 traffic deaths recorded during the same period last year.

Twenty-four of the weekend deaths occurred on rural highways and the remainder on city streets, the patrol reported.

According to patrol officials, rural highway fatalities so far this year totaled 738, compared with 1008 a year ago, and city traffic deaths reached 485, compared with 470 a tthe same time last year.

During 1953 a total of 15,872 children in the 1 to 14 age bracket were injured in traffic, 9911 in cities and 5961 in unincorporated areas.

Meets at call of Chairman W. M. Englehart.

CELEBRITIES WILL ASSEMBLE SOON FOR GOLF MATCH

TAHOE CITY—Cal-Neva Lodge's golf tournament at Lake Tahoe this month will resemble a celebrities gathering, with some of the most famous and glamorous figures in the entertainment and sports world lined up to take part.

Beautiful Ava Gardner, Hollywood movie queen who is now living at Lake Tahoe, will be official hostess for the tournament, according to host Sanford Adler. Ava will assist with presentation of trophies and take part in the Damon Runyon Memorial Fund activites which are the theme of the fifth annual Cal-Neva Lodge tourney.

The event June 25-26-27 at the Tahoe City and Brockway courses is best ball of partners. Bing Crosby, who himself is probably the top golf figure in the entertainment field, will take part, Adler said last night. Bing, part-time resident of Nevada, is annual host at his National Best-Ball tournament at Pebble Beach.

Phil Harris, bandleader-crooner-comic, is another due to participate. He has appeared in the Cal-Neva tourney before, and a few years ago, playing with Dutch Harrison, won the Crosby best-ball title.

Another slated to take part in the golf and Damon Runyon fund activities is Dean Martin, radio crooner and movie favorite. It's not certain of Dean's zany partner, Jerry Lewis will also be on hand.

Two former world boxing champions, now flourishing as comics in the night club field, are also on the list of guests announced by Adler.

One is Max Baer, one of the most colorful heavyweight boxing champs of all times, and the other is the amusing Slapsie Maxie Rosenbloom, ex-world light-heavyweight champ. If these two wise-cracking bruisers play as a team, they should really pack a gallery around the links.

Huge Sum Spent For New School Buildings During Fiscal Year

SACRAMENTO (CNS)—Californians spent $215,595,891 for public school construction during the fiscal year ending June 30, State Director of Public Works Frank B. Durkee announced.

Durkee said that plans and specifications for 1014 school projects were submitted to the state division of architecture for approval during the year.

The figures compared with $173,867,072 spent on 836 school projects the previous fiscal year, Durkee said.

The director said expenditures on projects in the Los Angeles area during the fiscal yar amounted to $120,391,067. Project costs in the San Francisco area totaled $43,709,163 and in the Sacramento area $23,932,456.

NOTICE TO BIDDERS

NOTICE IS HEREBY GIVEN that sealed bids will be received by the Governing Board of the Tahoe-Truckee Unified School District, Placer and Nevada Counties, California at the office of the superintendent, Truckee, California, on or before, and no later than Friday, June 25, 1954, at 5 P.M. for painting the exterior and roof of the Kings Beach Elementary School, the exterior and roof of the old part of the Truckee Elementary School, and the cornices and sashes at the Tahoe-Truckee High School in accordance with specifications on file in the office of the superintendent of schools.

Each bid must conform to the requirements of the plans and specifications and all other documents comprising the contract documents. The contract documents may be examined and copies obtained at the office of the superintendent of schools, Truckee, California.

No bid will be considered unless it is made on a form provided by the superintendent of schools and accompanied by certified check, cashier's check or bidder's bond for 10% of the amount of the bid, made payable to the owner. The above mentioned checks or bid bond shall be given as guarantee that the bidder shall execute the contract if it be awarded to him in conformity with the contract documents and shall provide the surety bond or bonds required within five days after notification of the award of the contract to the bidders.

The successful bidder will be required to furnish a labor and material bond in an amount equal to fifty per cent (50%) of the contract price, and a faithful performance bond in an amount equal to one hundred (100%) of the contract price. Said bonds shall be secured from a surety company satisfactory to the owner.

The owner reserves the right to reject any and all bids, in part or in total, and-or waive any irregularities on informalities in the bidding.

Dated this 9th day of June, 1954.

FRED M. PEDLEY
Clerk Governing Board
Tahoe - Truckee Unified
School District.

From where I sit ... by Joe Marsh

No Sale!

Right in front of Granny White's beautiful old house on Maple Avenue there's a brand-new sign: "Antiques. Inquire Within."

Now—don't get excited. Granny explained it all the other night—after we settled down in her parlor, me with my temperate beer, Granny with her tea.

I asked her if she was really going in the antique business. "Oh, no," says Granny, "I wouldn't *sell* anything. I put that sign up so folks would come in and talk—and look around. If they insist on a price, I tell them some outrageous figure! I guess I just like people," she said.

From where I sit Granny can be excused for her little ruse: She may be in her eighties, but her mind is young—and open. She's the kind of person who's made this town so wonderful. Granny not only likes people—but she respects them and their preferences and opinions. Come to think of it, "liking" and "respecting" mean much the same thing, don't they?

Joe Marsh

Sale Of Theater Recalls Early Day Trouble On Circuit

The road over Sagehen Summit had been closed for some time as wind-swirled snow packed deeper and deeper when Vern and Ervina Shattuck peering through the darkness and blinding storm forced their car up the winding grade toward Truckee from Sierraville.

With the big motor of their Buick straining to the upmost, they plowed forward, a few feet at a time, stopped by the very weight of the snow against the front of their car—now reachnig near the top of the hood—only to back up a plow-in again.

As they reached the summit and started down, the burdened motor, overheated and with the water boiled out by lack of ventilation to the radiator, stopped, red hot.

Fighting snow above his waist, Shattuck walked half a mile to a nearby stream, procured more water, cooled the motor and thus the fight continued. Finally, in the early morning hours, they reached Truckee—exhausted.

But that night the Donner Theater was open as usual and as the patrons filed in they were unaware of the struggle which had been made to provide them this brief period of pleasure and relaxation.

This was one typical night in the lives of the Shattucks, pioneers in the entertainment world here. There were many, many other such adventures, hardships and struggles before they gave up their chain of theaters along the crest of the Sierra to confine their efforts to Truckee and Kings Beach.

It was in 1932 that Vern and Ervina Shattuck presented the first talking picture in Truckee, in the Masonic Hall, which had been accoustically treated for sound and in which other alterations were made.

The show was continued there until they built the present Donner Theater—the first theater constructed in Truckee. At the time the couple were exhibiting talking pictures in Folsom, Colfax, Graeagle, Carson City, Loyalton, Feather River Inn and Lake Tahoe. That long circuit may provide just a peek of the worry they encountered and the tribulations suffered.

The Shattucks conceived the first drive-in theater at the south end of Lake Tahoe several years ago and many of their friends participated in this novel experiment.

Vern and Ervina Shattuck want it known that although they have sold their Donner Theater to two fine people, Jack and Nadine Neugebauer, that they are not retiring from the business. They will continue to operate their Tahoe Theater at Kings Beach.

In leaving the Donner Shattuck said:

"Very humbly, we thank you fine people of Truckee and this area for your wonderful support. We will always have interests here and have great confidence in the area and hope to play our part in its continued development."

RECEIVES DEGREE

James L. Snell, son of Superior Judge and Mrs. James Snell of Nevada City received his degree of doctor of education at the University of California on Friday, June 18, the ceremony attended by his parents. Mr. Snell has had wide experience as an educator having held positions as district superintendent of schools in California, returning to the University as a graduate student.

Tahoe City—
Mr. and Mrs. A. B. White are greeting friends at Tahoe City this week, having come from Sacramento where the temperature soared above 100 degrees.

California ranked fourth among the states in the production of apples in 1952.

Klamath National Forest, which lies partly in Oregon, contains 1,310,548 acres.

Drive For Cancer Fund In County Behind As New Appeal Is Made

Local response to the American Cancer Society's annual fund-raising appeal is running behind that in the rest of the state, it was announced today by G. Otis Ogden, general chairman of the society's Nevada County committee.

Ogden said that, while collections in California have reached 100 per cent of the state goal, those in Nevada County after three weeks of the June campaign have reached only 45 per cent. Thus far, he explained, $886.48 has been raised here. The need is for $1970.

Some very generous contributions have been received, Ogden went on to say, but a number of people who have contributed in past years have not yet sent in their donations for the 1954 campaign. It is believed that in most cases this is due to oversight, and the campaign committees will mail out reminders within the next few days to a select list of those whose contributions have not yet been received, it was explained.

"The need for funds with which to combat cancer is greater at this time than ever before, and the prospects of solving the problem of this disease are much better than in the past," Ogden's statement goes on to say. "Cancer strikes one person in every five, and kills one in every seven."

"The fight against this disease is being led nationally by the American Cancer Society with a year-around program of cancer research, education and service. Contributions received during our annual campaign help to support this work," the statement concludes.

Wanda Carol Souter, Terry Tollefson Are Wed at Rites Here

Miss Wanda Carol Souter became the bride of Terry Tollefson at a formal wedding, Friday, June 18 at 8 p.m. in the Community Methodist Church, with Rev. A. A. Carmitchel of Point Arena, performing the rite.

"Because" was heard as a solo, sung by Victor McLane.

Candelabra with white candles framed the altar and baskets of white gladioli and baby breath added to the decoration of the church.

The bride, who was given in marriage by her father, Ray Souter, was lovely in a white dinner length net dress. Her veil was supported by a crown of seed pearls and she carried a white Bible with small, pale pink roses and lily of the valley arranged on top.

Mr. and Mrs. Rex Tollefson were the best man and matron of honor, the latter chose pale violet organdy and taffeta for her gown.

Terry and Kittie Ellis were the flower girls and wore frocks of pale melon and gold taffeta nylon. Ricky Ralphs had the important role of ring bearer. Ushers were Jack Ellis and Karl Kielhofer.

Donner Lake Lodge was the setting for the reception which immediately followed the ceremony where the bride's table was centered by a tiered cake.

More than 150 attended and out of town guests included Mrs. Fred Gartemann of Las Vevas, Nev., Mr. and Mrs. Ray Souter from Bellflower, Mrs. B. Nicholson, Mrs. Archie Stevens of San Jacinto, Cal., Mrs. Thelma Graves and daughter, Jean of Kooski, Idaho.

The bride's mother wore a beige ensemble with pink accessories and the mother of the bridegroom was attired in grey with harmonizing accessories.

The young couple left for a brief trip before going to their home, located between Truckee and Tahoe City.

Warm Weather Enjoyed In Lake Tahoe Area

TAHOE CITY—With summer weather predominating in this area since the shower on June 16 which left .03 of an inch of precipitation, indications point to conitnued above-normal temperatures.

The lake level Monday stood at 6228.57 inches, Art Frodenberg, cooperator observer, reports. Only one gate into the Truckee River was open.

TAHOE PERSONALS

Dr. and Mrs. William Washburn of San Francisco opened their house at Crystal Bay, Nev., and had recent houseguests of their daughter, Mary Elena, Barbara Hand, Pat Terry, Elizabeth Burke, Bambi Escamilla, all of San Francisco.

Dr. and Mrs. Lee Hand of Lake Tahoe and San Francisco entertained at a cocktail party for visiting doctors and their wives during the Medical Association meeting in San Francisco.
